

Activity 1

1) CCTV (Salt & pepper Noise)

* Tech: median filter

2) Satellite image (Gaussian Noise)

* Tech: Gaussian filter

3) Medical x-rays (Noise + Edge preservation)

* Tech: Bilateral filter

4) Black & white Docs (Scanned Doc)

* Tech: median filter

5) Heavy Grain in low light

* Tech: Bilateral filter

6) foggy Road (low contrast)

* Tech: Dark channel for color CDcf)

7) Underwater image (Dark & washed out)

* Technique: Color Blinding + Histogram
Equalization

8) Chest x-ray (poor structure visibility)

Tech: CLAHE (Contrast limited Adaptive Histogram Equalization)

9) Night traffic (lacks intensity variation)

Tech: Gamma Correction

10) Narrow Intensity Range: Contrast Stretching
